Dear Ms. Asseo:

Thank you for your interest in The SOLOMON Project.

In response to your inquiry I am enclosing a cross section of letters, articles and other items that reflect the attention SOLOMON is attracting worldwide.

This spring SOLOMON will be will be visiting Washington as part of its 15-city demonstration tour. As the attached press release indicates, SOLOMON will be re-trying nationally-known cases as well as local cases now being submitted by lawyers and criminal justice professionals in each city.

I am happy to invite you to attend the Washington demonstration. My office will notify you when the final arrangements have been confirmed.

Please let me know if you have any further questions.

Very truly yours,

Joseph Bonuso
